## Calendar (Note Entry) and Tic Tac Toe Game

### + About Project:

The project consists of two applications one is calendar (note entry) in which you can view calendar of any year, month view of any year and can check the day of any date. You can also add note to any date. Another application is Tic Tac Toe game which is build for entertainment purpose where two player can play and enjoy their game.

### + IDE Used: Code::Blocks (Version 20.03)

### + Why Code::Blocks?

- Open Source! GPLv3, no hidden costs.
- Cross-platform. Runs on Linux, Mac, Windows (uses wxWidgets).
- Written in C++. No interpreted languages or proprietary libraries needed.
- Extensible through plugins

### + System Requirements:

Processor	:	Intel® Core™i3-7020U CPU @2.30GHz
RAM	:	512 Mb
ROM	:	256 Mb
Operating System	:	Windows XP or later
System Type	:	32-bit OS, x32-based Processor
